Chevy 6500 Crew Cab

PAL PRO 43 MECHANICS TRUCK

PCB43-11SS60CS

- C-tech drawer units
- Torch compartment
- Interior lights
- Work lights

COMPRESSOR TECHNICAL DETAILS

- PRC 45V Hydraulic Rotary Screw Air Compressor
- 45CFM @ 150 PSI
- Integrated oil cooler with fan
- Cold weather climate kit: includes ambient temp sensor and oil heater.
- 6 gallon air receiver under body with ball valve bleder for moisture

SERVICE CRANE TECHNICAL DETAILS

PSC-8029

- Boom tip lights
- P4 remotes

CHASSIS DETAILS

• 2023 Chevy 6500 Crew Cab

MECHANICS BODY PAL Pro 43

Mechanics Bodies, Service Cranes & Compressors Built for the Modern Work Truck.

LIFETIME EXCELLENCE

With the best equipment for the job, add a competitive edge to your business in a range of industries. Our mechanics trucks are a reliable partner in: Construction, Roadway, Railway, Agriculture, Oil & Gas, Mining, Utilities and Municipalities.

APPLICABLE CRANE MODELS

- PSC 3216
- PSC 4016
- PSC 4025
- PSC 5025
- PSC 6025
- PSC 8029

APPLICABLE COMPRESSORS

- PRC 45V
- PRC 60V

MECHANICS BODY

HIGHLIGHTS

The largest of the Class 3-5 PALFINGER Mechanics Bodies, the PAL Pro 43 is a steel mechanics body engineered to support our 8,000 lb 29' hydraulic service crane. Available in 11' body configurations with standard options to meet your service truck needs including bolt on mounting locations for accessories like compressors and welders, headache racks, aluminum roll out drawer units and more.

The PAL Pro 43 is manufactured with 12-gauge all A-60 galvanneal steel construction, a hybrid torsion box that eliminates frame and side pack deflection and the best rust protection in the industry.

NON-MARRING BOOM REST

Optional fixed or adjustable non-marring boom support E-coated black.

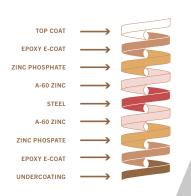

DOOR DESIGN

ELIMINATE WELDING

Double panel doors with internal C-channel stiffeners, adhered with structural adhesive.

LINE-X ULTRA INTERIOR COMPARTMENT COATING FOR GREATER PROTECTION

LINE-X Ultra provides the ultimate protection for your compartment interiors. It resists the damage commonly caused by tools, chains and parts, and prevents the rust that comes as a result. As an added bonus, the coating is white in color and helps to brighten up the interior.

E-COAT CORROSION PROTECTION

PALFINGER's 12 step electrophoretic deposition dip process cleans the body and applies primer to the metal surfaces, ensuring complete coverage and automotive grade corrosion protection.

INTERNAL GUSSETS PREVENTS BODY CRACKING

Every raised compartment comes with PALFINGER's engineered gussets for increased protection against the body cracking in the door corner.

PALFINGER

PAL Pro 43

WORK BENCH BUILT FOR YOUR HARD WORK

A true mechanics work bench, featuring a 21" work bench bumper, receiver hitch, 5/16" steel top plate and thru compartment for additional storage.

FEATURES

HYBRID TORSION BOX BUILT FOR CRANES

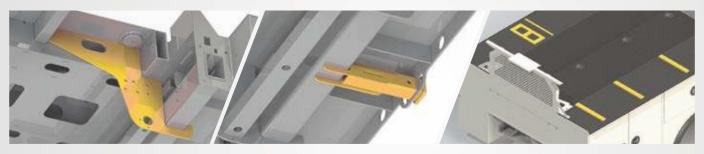

Designed from the start for crane applications and utilizing 10ga A-60 galvanneal steel, the hybrid torsion box eliminates truck frame twist and side pack deflection.

STRUCTURAL CROSS-MEMBERS PAYLOAD SUPPORT

Tubular 3"x 5" structural steel crossmembers interlace the torsion box to support compartment loads.

OUTRIGGER HOUSING INTEGRATED LIFTING SUPPORT

Integrated outrigger tube reduces stress on chassis frame by transferring the crane load directly to the ground.

REAR SHEAR PLATE BODY MOUNTS SECURE AND SUPPORTIVE MOUNTING

Steel plates prevent lateral body shift on chassis, providing additional support for crane loads.

INTEGRATED HITCH RECEIVER CLASS 5 RECEIVER

2" I.D. receiver tube, attached directly to body structure. 16,000 lbs towing capacity.

THREADED WELDMENT OPTIONS TO PROTECT YOUR BODY

Boom rest, welder, compressor, EnPak, Air-n-Arc and AirPak mounts are available from the factory to eliminate the need to drill holes in the body.

STEEL SHELVING AND DIVIDER TRAYS FLEXIBLE STORAGE

Steel shelves or divider trays with 250 lb rated capacity offer variable storage options for each compartment.

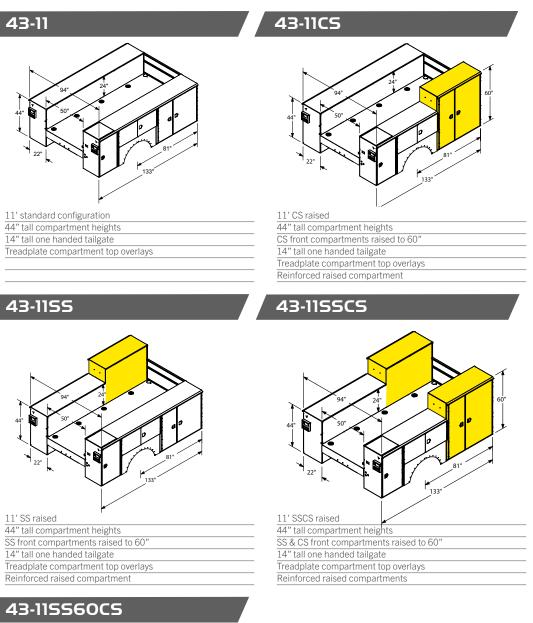

HEADACHE RACK SAVES COSTLY REPAIRS

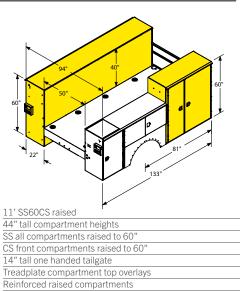

This light bar bracket with a punched screen prevents cargo area contents from making contact with the rear window of the cab-saving you from costly rear window repairs & cleanup.

BOLT ON HANDRAIL OPTION FOR ADDED SAFETY

Ergonomically designed handrail option, with a stable surface to grip, for your added security against tripping or slipping hazards.

HYDRAULIC SERVICE CRANE PSC 8029

LIGHTER | LONGER | STRONGER

LIFETIME EXCELLENCE

SERVICE CRANE

STANDARD FEATURES

BUILT TO LAST

Meeting or exceeding all ASME and OSHA standards, the PSC 8029 is a full hydraulic service crane with 8,000 lbs capacity. The PSC 8029 hydraulic service crane comes standard with simultaneous multi-function proportional radio remote controls, superior weight-to-lift ratios, and 29' of reach. The crane is exclusively E-coated by PALFINGER for the best rust protection in the industry.

MEDIA BLAST

A high quality process that removes any surface imperfections and provides an optimized surface for E-coating.

E-COAT

Automotive grade and environmentally friendly coating process is applied with precision over the entire product ensuring superior corrosion protection.

TOP COAT

All E-coated steel components receive a top coat finish that ensures maximum durability.

LIGHTER.

PALFINGER's service cranes are as much as **30% lighter** than the competition without sacrificing strength or reach. Less weight means more payload for tools and supplies necessary on the job site.

LONGER.

Up to 30% longer than the competition, PALFINGER's service cranes have the longest reach in the industry. More reach means fewer setup adjustments on the job site and improved access for those challenging lifts. Standard boom lengths are 16', 25, and 29' depending on the size of the crane.

STRONGER.

PALFINGER's service cranes are up to 20% stronger than the competition, with a superior lifting moment rating and load chart to do more work in more places. With PALFINGER's safety systems, including the exclusive winch damage prevention system, lifting more is also safer than ever before.

PLANETARY WINCH Planetary winch provides speed and

durability.

HORSE HEAD

Low profile design. Optional boom tip hook and lights. No A2B components to interfere with operation.

HEXAGONAL BOOMS

Ultra-low maintenance high tensile strength self-centering single weld boom sections powered by internal extension cylinders.

CYLINDERS

Internal extension cylinders for 29' of hydraulically powered outreach. All cylinders are E-coated and use a 5 stage marine grade seal system.

3RD WRAP LIMITING SYSTEM

Integrated system prevents wire rope spool off, ensuring three wraps remain on drum. Exceeds ASME B30.5.

PROPORTIONAL CONTROL Through the control valve, fully proportional control of all functions is standard.

LOAD BLOCK STOWING BRACKET

Bracket and pads designed to keep load block from contacting the boom when stowed.

CONTROL SYSTEM

Features a standard proportional wireless remote control unit, integrated E-stop button, warning horn and manual valve activation capability. Cranes are controlled with 12V DC power supply.

3-YEAR WARRANTY PALFINGER service cranes come with an industry leading 3-year warranty on all structural components

SERVICE CRANE

OPTIONS & ACCESSORIES

Many optional features are available for PALFINGER service cranes to meet your demands on the job. Contact your PALFINGER Representative to learn more!

PERSONNEL BASKET CRANE ACCESSORY (PATENT PENDING)

Industry-first from PALFINGER designed specifically for service cranes with 5,000 lbs. capacity and above. Quickly set up and attach basket to crane for maximum efficiency on the job. Folds into a compact storage box and mounts onto the body for transport.

Personnel Basket Capacity	300 lbs.
Personnel Basket Weight	280 lbs.
Complete Installation (incl. boxes):	400 lbs.

OPTIONS & ACCESSORIES

PALFINGER exclusive 2.5 ton capacity

boom tip hook. Horsehead has threaded

BOOM TIP HOOK

weldment for mounting.

ELS SYSTEM

Unique solution to lower the hooking point for the load block. Winch is used to lift load block in its stowed position.

BOOM REST Non-marring boom rest that supports the crane while protecting the paint finish.

OUTRIGGERS FOR ADDED STABILITY Support your lifting application needs with manual and hydraulic outrigger options.

PROTECTIVE CASE WITH BELT LOOP KEEPS REMOTE AT YOUR SIDE

Nylon case with clear plastic cover protects your remote control from harsh weather elements, while the belt loop allows you to attach the remote to your work belt for added convenience on the job.

SILICONE COVER FOR REMOTE **KEEPS REMOTE CLEAN**

Flexible silicone cover helps keep dust, dirt, and grime off of your remote control – so you can focus on controlling your service crane and not cleaning the remote.

EASY LOWERING OF LOAD BLOCK

BOOM TIP LIGHTING

With the addition of a retractable cord reel we bring power to the boom tip to light dual work lights that swing freely while raising and lowering the boom to illuminate your working area.

P2 RADIO REMOTE CONTROL

Paddle-style controller offers the possibility to completely eliminate the radio signal when the cord is plugged into the receiver.

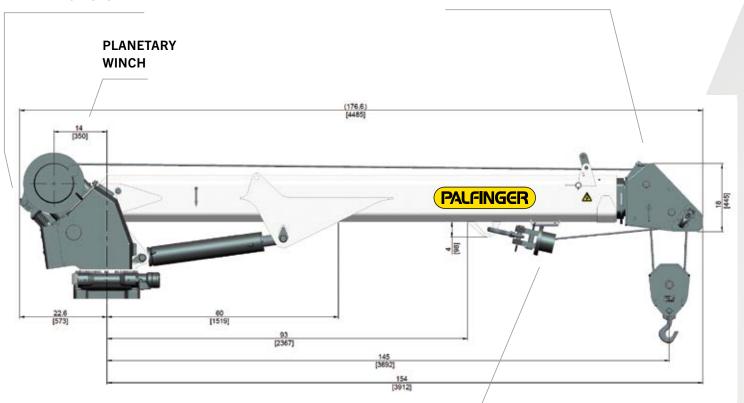

REMOTE STORAGE BRACKET SECURELY STOWS REMOTE

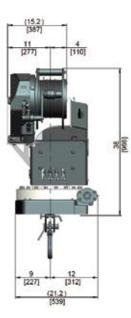

Stow the remote control using the metal storage bracket and mount it in the cab or the crane compartment. Thanks to the remote magnet, the remote will be held securely in place during transport.
